

# Carlos O. Miller Lecture in Plant Molecular Biology

April 7, 2005 | Myers Hall 130 | 4:00 pm

## “Molecular mechanisms of steroid hormone signaling in plants”

Dr. Chory is a HHMI Investigator, Professor in the Plant Biology Laboratory at the Salk Institute for Biological Studies, and Adjunct Professor of Biology at the University of California, San Diego.

Joanne Chory is interested in identifying the mechanisms by which plants respond to changes in their light environment.

### Education

B.A., Biology, Oberlin College, Ohio  
Ph.D., Microbiology, University of Illinois  
Postdoctoral fellow, Harvard Medical School

### Awards and Honors

Award for Initiatives in Research of the National Academy of Sciences, 1994  
Investigator, Howard Hughes Medical Institute  
Member, National Academy of Sciences  
Member, American Academy of Arts and Sciences  
North American winner of the “Women in Science” Award, 2000

*A talk by Joanne Chory, Ph.D.*
